Just for the novelty of passing the time, Exchange members recently surveyed their group to find out the birthplace of each. It was interesting to note that the only native among those present was Joe Carlevaro, who was born right here in Albany.

The Albany Fire Department defeated the San Leandro F. D. 12 to 11 Monday afternoon in the East Bay Firemen's Baseball League. The Albany diamond squad came from behind scoring four runs in the last of the seventh. R. McSheehy drove J. Vercelli in with the winning run.

A student of Carol Babros Culbertson, he is the son of Mr. and Mrs. C. M. Briggs of 1107 Evelyn Ave.

William (Bill) Hinton was a visitor in Albany on Monday. Bill sold lots here in 1907 with Frank Roberts, Albany's first mayor. In those days there were only a few houses scattered about what is now the western end of the city. Bill was amazed at the tremendous growth and development of "little 'ole Albany."

Mrs. Myrtle McLean, Albany city clerk, was spreading the word around the Council chamber Monday night that she will be a grandmother in the near future.

Councilmen to Consider Traffic Survey Results

Final action on the second reading of the proposed parking meter ordinance was postponed for one week by the City Council Monday night in order that councilmen may study results of a traffic survey report conducted by C. J. Van Til, University of California student in transportation engineering.

Van Til's survey recommended meters only in the central portion of Albany centering at the San Pablo Ave. and Solano Ave. intersection. He suggested that parking meters be installed for one hour limits along San Pablo Ave., from Washington Ave. to the middle of the block between Solano Ave. and Buchanan St., and along Solano Ave. between Adams St. and Cornell Ave.

Survey conducted by Van Til extended east on Solano Ave. to Cornell Ave., while the upper portion of Solano was conducted by City Engineer E. A. Tarr.

Van Til proposed a two-hour parking limit in all but one block of the unmetered area on San Pablo, and a one-hour limit between Cornell Ave. and the Berkeley line on Solano Ave.

"There is a definite parking problem in Albany and if so desired the installation of meters will help solve the problem of enforcement," Van Til said.

City Attorney George Glavinovich suggested that the present proposed ordinance should be amended if the Council intended to change the meter zones.

In other business, the Council unanimously passed the first reading of an ordinance that would ban carnivals from operating within 300 feet of any Albany residence. The ordinance also calls for a fee of \$300 and requires a permit from the health department showing that adequate sanitary facilities have been provided. The ordinance will come up for final reading next Monday night.

Bayview Aerie Salute the Mothers

Since it is impossible to contact each Mother personally it is our sincere thought that this little poem will express our humble gratitude to each of them.

MOTHER'S LOVE

I've lived to learn that friends grow weak,
When trouble marks you for its own;
The one you love oft turns aside,
And leaves the fight to you alone.
I've stood on many scenes of strife,
I've stood where care and pain assailed,
And thought friends often turned away,
Yet Mother's hand has never failed.

As in that childhood far removed
She smoothed my brow and dried each tear,
Still, in young manhood's troubled hour,
With loving words she hovers near.
Oh, fickle love and friendship false!
Oh, glistening dream and hope bewailed!
You weakened in life's darkest hour
But Mother's love has never failed.

Whatever God shall choose to do
With this frail tenement of clay,
Whatever use he finds for it
Along life's dark and dreary way;
That much shall be a monument
To tell mankind wh'er assailed,
A Mother's love, a Mother's prayer,
A Mother's hand has never failed.

MacGregor for Albany Fathers

"The Father in Family Life Education" is the title for Albany Evening School's annual forum series scheduled for four successive Tuesdays, starting on May 10. The forum will be conducted from MacGregor school from 8 to 10 p. m. under leadership of Dr. Robert Stewart, assistant professor of psychology at San Francisco State College.

The series will be limited in attendance to men since this area of education has been adequately covered for mothers by P.T.A.'s. It is also believed that with a group composed entirely of men, conditions will be more favorable for an open discussion.

Dr. Stewart has done extensive work in the field of family life education and personal adjustment with parent groups and as a consultant. His work in psychology is well-known and highly respected.
